

Spit Out First House Rules and Scorepad

jentryedit.com

The box has no timer and no score sheet, so here is both, plus a way to settle a tie

Settle these before round one

Two people will shout at the same time. Decide now, not in the middle of the argument.

WHO CALLS A TIE

One person, picked before you start.
Not whoever is loudest.

.....

ROUND LENGTH

Any phone timer works. Pick one and
keep it all night.

☐ 30 sec ☐ 60 sec ☐ No clock

REPEAT ANSWERS

Same word from two people. Decide
once.

☐ Both score ☐ First only

CHALLENGE RULE

Is a shaky answer put to a vote, or
does the caller decide

.....

Who is playing

Two to seven players or teams

.....						

Round by round

Write the letter you drew, then a point for whoever spat it out first

Answer we argued about

Best answer of the night

Rule to change next time

How to use this: fill in the four rules at the top before anyone draws a card, because that is the part the box leaves to you. Write the letter you drew each round, then a point for whoever got there first. The bottom right line is the one that matters. Whatever you argued about tonight, write the fix down and the next game runs cleaner.
